On this layer write whether it is a plant or animal and if it is an animal whether it is a herbivore, omnivore or carnivore. Remember to only add glue to the long strip to the left.

Draw the plants and animals in this layer!

The diagram shows a large rectangular area divided into five horizontal sections by solid lines. A vertical dashed line runs down the left side of the box, starting from the top and ending at the bottom. This layout is designed for a drawing activity where students can illustrate plants and animals in each of the five sections.
